Other Rubric Settings

- **I'll write free-form comments when assessing students:** This setting removes the "Ratings" cells in the middle, leaving only the overall criteria description and the total points possible for the criteria.
- **Use this rubric for assignment grading (recommended):** This setting will auto-fill the student's score when using the rubric to grade. This setting is recommended.
- **Hide score total for assessment results:** This setting keeps the total accumulated score hidden to the instructor while using the rubric.
